MEDICAL AID IN DYING REPORTING FORM

The Elizabeth Whitefield End-of-Life Options Act, signed into law in 2021, requires the New Mexico Department of Health to obtain and report information regarding the aid-in-dying medication prescribed. This form is required to be submitted to the Bureau of Vital Records and Health Statistics within 30 days of the aid-in-dying medication prescribed to a patient.

If you have prescribed aid-in-dying medication, please provide the following information regarding the individual who received prescriptions for aid-in-dying medication:

1. Gender: _____ 2. Age at Death: _____

3. Race/Ethnicity (please mark one): White Hispanic Black/African American
 American Indian/Alaskan Native Asian/Pacific Islander

4. Was the individual enrolled in hospice at the time of death? Yes No

5. Underlying medical condition(s) at time of death:

6. Was the aid-in-dying medication ingested? Yes Not yet ingested Unknown

7. If "yes," the date the aid-in-dying medication was ingested: _____

**A provider has up to 6 months to complete information on a form as thoroughly as possible to the prescribing and ingestion of the aid-in-dying medication. If "Not yet ingested" or "Unknown" is marked for question 6, the provider will need to ensure completed information is submitted into the Bureau of Vital Records and Health Statistics within the 6-month timeframe. If an updated form is submitted to the bureau, please notate on the form that it is a "change" or "update."*

Signature of person completing this form to be submitted into the New Mexico Department of Health, Bureau of Vital Records and Health Statistics.

NOTE: According to Senate Bill 471, passed in 2023, healthcare providers may object to participating in medical aid-in-dying for reasons of conscience, and therefore would not be required to assist a patient if they decided to end their life. Providers who choose not to participate in medical aid-in-dying would not be required to provide information on medical aid-in-dying medication to patients, prescribe aid-in-dying medication, or complete and submit this information to the New Mexico Department of Health.
