

MCD Public Health's CHW Online Training Program

The **New Mexico Department of Health** is pleased to announce a training opportunity for community health workers on chronic diseases. The training modules, developed by MCD Public Health CHW Online Training include topics such as Chronic Conditions Overview, Hypertension, Prediabetes, Diabetes, Asthma, Breast Cancer, Cervical Cancer, Colorectal Cancer and Cholesterol Basics. The registration fee is waived for all New Mexico-based users who enroll, courtesy of the NMDOH.

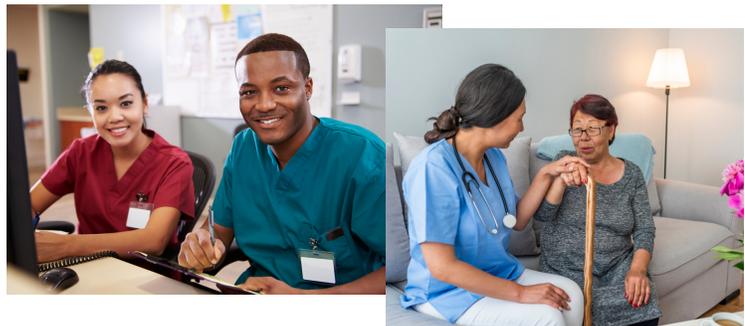

MCD Public Health's CHW Online Training Program is intended for community health workers and other individuals who assist clients in the prevention, management, and self-management of chronic conditions, such as cancer, high blood pressure, prediabetes, diabetes, and asthma. This program complements CHW core competency training by providing individuals with added education, skill building and access to resources.

Training module topics include:

- CHWs and Chronic Conditions Overview
- High Blood Pressure and Hypertension
- Prediabetes
- Diabetes
- Asthma
- Breast Cancer
- Cervical Cancer
- Colorectal Cancer
- Cholesterol Basics
- Bonus material on COVID-19*

* According to the Centers for Disease Control, people with underlying medical conditions such as diabetes and asthma may be at higher risk for severe illness from COVID-19.

For more information or to register for MCD Public Health's CHW Online Training Program please visit www.chwtraining.mcdph.org.
